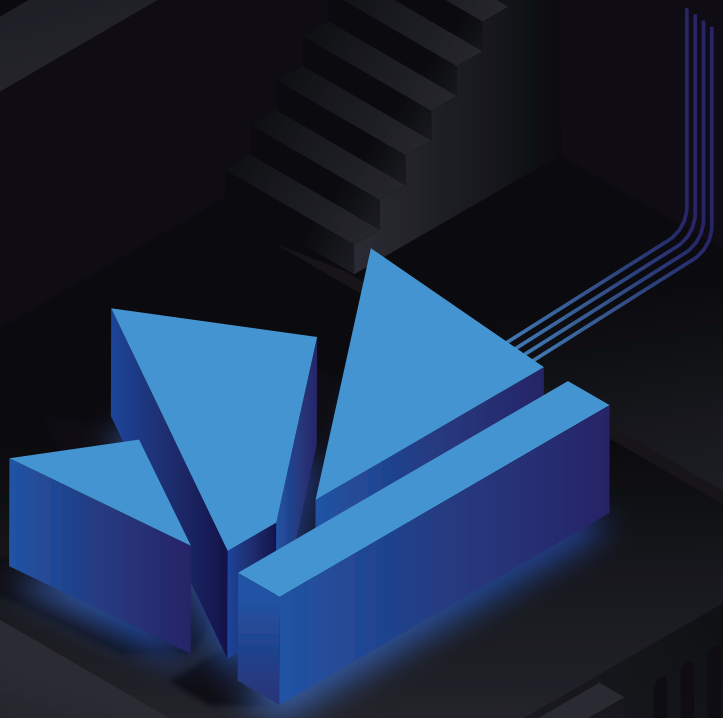
About WazirX



WazirX, a leading cryptocurrency exchange in India, boasts a robust user base exceeding 15 million, making it a frontrunner in the country's crypto landscape. Co-founded by visionaries Nischal Shetty, Siddharth Menon, and Sameer Mhatre, WazirX emerged with a mission to democratize access to cryptocurrency for every Indian. Leveraging an extensive social media presence, reaching over 620K individuals, WazirX has become synonymous with reliability and innovation. In addition to supporting over 250 cryptocurrencies, WazirX introduced its native utility token, WRX, pioneering India’s digital asset realm.

History and Commitment

Since its inception in 2018, WazirX has remained steadfast in its commitment to fostering financial inclusivity through cryptocurrency. Notably, Nischal Shetty spearheaded the #IndiaWantsCrypto movement on X (formerly Twitter) for over 1000 days. The company places paramount importance on regulatory compliance, adhering diligently to Know Your Customer (KYC) verification procedures aligned with the best practices in the country. Operating with a zero-tolerance policy towards illegal activities, WazirX actively conducts Anti-Money Laundering (AML) checks to uphold integrity and security within its ecosystem.

Mission

WazirX's mission is to position India at the forefront of the crypto revolution by perpetually innovating and building the most secure, reliable, and user-friendly platform. Additionally, WazirX is dedicated to fostering a regulated ecosystem, thus enhancing trust and credibility within the cryptocurrency landscape. As a registered entity with the Financial Intelligence Unit - India (FIU-IND), WazirX prioritizes compliance and integrity.

Vision

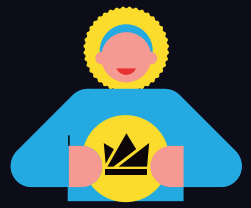
WazirX envisions enabling the transition from a centralized to a decentralized world, empowering every Indian to explore new investment and earning avenues within the dynamic crypto space.

Core Values

WazirX's journey of BUIDLing is guided by a set of six core values, serving as the north star that helps the company navigate and establish a culture that is both binding and aspirational.

These values collectively communicate to the world who WazirX is and how it conducts business.

User Focus



Passionate Ownership

Pursue Excellence

Integrity

Respect

Resilience

Compliance and Transparency

Transparency and compliance are foundational to WazirX's operational ethos. The platform ensures comprehensive transparency by making its KYC/AML terms and processes readily accessible to all users. Every user undergoes thorough verification, reinforcing WazirX's commitment to regulatory adherence and risk mitigation. Prohibiting cash transactions, WazirX meticulously accompanies each transaction with the relevant user's KYC details, underscoring its dedication to maintaining the highest standards of compliance and transparency. With an unwavering commitment to financial inclusion, regulatory compliance, and technological innovation, WazirX continues to redefine the landscape of cryptocurrency exchanges in India, empowering millions with access to digital assets' transformative potential.

About Nischal Shetty

Founder, WazirX

Nischal Shetty, an internationally recognized entrepreneur, has over a decade's experience in building global products. A software engineer by degree, he has founded three successful ventures: Crowdfire, boasting 20 million users, WazirX, one of India's largest cryptocurrency exchanges, and Shardeum, a scalable layer 1 blockchain. Additionally, he recently co-founded Pi42, a crypto derivatives exchange catering to the Indian market.

Nischal's expertise extends beyond entrepreneurship; he serves as an investor and advisor to numerous startups. Widely regarded as the visionary behind WazirX, he is also a distinguished blockchain influencer on X (formerly Twitter) with over 488K followers and a Forbes 30 under 30 awardee. Nischal embodies an entrepreneurial spirit fueled by a passion for technology, blockchain, and relentless innovation, shaping the future of the digital landscape.

FAQs about WazirX

What is WazirX?

WazirX, a proudly made-in-India entity, is one of India's largest cryptocurrency exchanges.
It provides a platform for users to buy, sell, and trade various crypto digital assets securely and conveniently.

When was WazirX founded?

Nischal Shetty, Siddharth Menon, and Sameer Mhatre founded WazirX in 2018.

How many users does WazirX have?

WazirX boasts a user base exceeding 15 million, making it one of the foremost cryptocurrency exchanges in India.

Which cryptocurrencies does WazirX support?

WazirX supports over 250 cryptocurrencies, including popular ones such as Bitcoin, Ethereum, Solana, Dogecoin and Shiba Inu. With over 400 market pairs listed, users have a wide range of options for trading and investment opportunities.

How trusted is WazirX?

WazirX is widely trusted in the cryptocurrency community. With a user base exceeding 15 million and a track record of providing secure and reliable services, WazirX prioritizes regulatory compliance and employs robust security measures to safeguard users' assets and data.

Is WazirX Compliant with regulations?

Yes, WazirX operates legally in India and adheres to all relevant regulations. The platform conducts thorough Know Your Customer (KYC) verification and strictly follows Anti-Money Laundering (AML) guidelines to ensure full compliance with regulatory requirements. Additionally, WazirX is a registered entity with the Financial Intelligence Unit - India (FIU-IND), further underscoring its commitment to regulatory compliance.

Can users trust WazirX for transactions within India?

Absolutely. WazirX ensures a secure environment for transactions within India.
We employ robust security measures, including two-factor authentication (2FA), cold storage for the majority of funds, and regular security audits, all aimed at safeguarding users' assets and transactions.

How can users contact WazirX for support or inquiries?

Users can reach out to WazirX's customer support team through the platform's Help Center at support.wazirx.com, where live chat support is available for immediate assistance.
